Nehru Place, New Delhi - 110 019.

Ref.: C/COS/13028

Date: 13-11-1995

Western Region Load Despatch & Communication Scheme Notification of Scheme Under Section 29 of the Electricity (Supply) Act, 1948 as amended.

21. Whereas, in exercise of its power under Section 28 of the Electricity (Supply) Act, 1948 as amended, the scheme relating to the establishment, construction, operation and maintenance of the Western Region Load Despatch & Communication Scheme has been prepared by Power Grid Corporation of India Ltd., New Delhi formerly known as National Power Transmission Corporation Ltd. having its registered office at 10th Floor, Hemkunt Chambers, 89, Nehru Place, New Delhi - 110 019, a Generating Company set up by the Govt. of India under the aforesaid Act (hereinafter referred to as POWERGRID) in consultation with other constituents of Western Regional Electricity Board (WREB) viz. Madhya Pradesh, Gujarat, Maharashtra, Goa, Daman & Diu, Dadra & Nagar Haveli, NTPC, NCA, NPC, TEC, BSES, AEC hereinafter collectively called as 'constituents' with a view to achieve a stable transmission system in the region through computerised data processing and Real time system control.

And whereas, under Section 29 (2) of the said Act, the POWERGRID, before finalisation of the scheme and submission thereof to the Central Electricity Authority for concurrence, is required to cause such scheme to be published in the Official Gazette of the State(s) concerned and in such local newspapers as the POWERGRID may consider necessary so that any licensee or other persons interested may make representations, if necessary, on the scheme.

Now therefore, the POWERGRID hereby publishes the scheme in terms of Section 29(2) of the aforesaid Act as follows:

Title:

The Scheme shall be called "Unified Load Despatch & Communication Scheme for Western Region".

Salient Features:

The Western Region comprises of the constituent power systems of the States of Gujarat, Madhya Pradesh, Maharashtra and Goa and Union Territories of Daman & Diu and Dadra & Nagar Haveli, Central Sector Organisations of Power Grid Corporation of India Ltd. (POWERGRID), Nuclear Power Corporation (NPC), National Thermal Power Corporation (NTPC) and Narmada Control Authority. The Scheme shall include establishment of hierarchy Load Despatch Centres with Regional System Coordination Centre (RSCC) at hierarchy - I and State Load Despatch Centres (SLDCs) forming hierarchy - II Maharashtra State Electricity Board is not participating in this project. Each State Load Despatch Centre (SLDC) shall have under its control a cluster of Sub-LDC at hierarchy - III. Each Sub-LDC will take care of a number of Remote Terminal Units (RTUs) at the lowest level of proposed hierarchy. The Central Generating Station/Sub-Station shall be controlled by RSCC. The function and facilities required for the RSCC, SLDCs, Sub-LDC are covered under this project. A well knit communication network supporting a hierarchy system of Load despatch Centre shall form part of the Scheme which shall include PLCC, digital microwave and optical fibre communication system.

Location:

The proposed system involves construction of RSCC at Mumbai (Bombay) and State Load Despatch Centres at Jamnagar (Gujarat), Jabalpur (M. P.) and Ponda (Goa). Sub-LDCs shall be located at Jetpur, Soja and Vav in Gujarat, Bhilai, Indore, Bhopal and Jabalpur in M. P. CPCC will be located at Jabalpur (POWERGRID). All the equipment and facilities are proposed to be installed in the existing location and such no new land is required to be acquired under this scheme for the time being.

Justification & Benefits:

The existing load despatch system are over 10 year old. Plants are underway to augment the systems life for another five years. This is considered an interim upgrade and cannot be expanded to accommodate the growth of power system. The Unified Scheme is being planned designed for growth, upgradability and expandability.

The Unified Load Despatch and Communication Scheme will result in fewer system disturbances, faster restoration following disturbances, better frequency and voltage, control, less equipment damage due to abnormal conditions and a more dependable power supply relieving consumers of the cost of outage and standby facilities. In the absence of the Unified Scheme, the supply condition of Western Region is necessarily worsen as facilities to effectively monitor, control and manage the power system will not be available.

Date of Commencement:

The work on the Project would commence during 1996-97 subject to various Govt. of India clearances and the benefits from the Project will start becoming available from 2001-02 onwards.

Estimated Cost:

The estimated cost of the proposed scheme is Rs. 587.51 crores based on IVth Quarter of 1995 price level. This includes an IDC of Rs. 115.73 crores.

Notice is hereby given under Section 29(2) of the said Act that any licensee or other persons interested may make representations in respect of the above scheme within two months from the date of publication of this notification after which no representation will be considered.

For and on behalf of Power Grid Corporation of India Ltd.
